The AGA name has long been synonymous with good food and fine living and AGA Cookshop draws heavily on these values.

Whether you are planning to whip up a quick cheese toastie on the hot plate or a dinner for 20 using the versatility of your AGA cooker, we have the tools to suit your needs.

We have a range of cookware, textiles and essential roasting and baking products all exclusively designed with AGA owners in mind.

Take a look at our beautiful new, elegant linen textiles for Autumn featuring a timeless classic pheasant design. The terry cloth on the reverse has been produced in a unique and lovely shade of grey to complement the tones of the design.

We have also teamed up with our friends at Portmeirion to bring you beautiful AGA specific Delamere Rural oven to tableware - our British brands have combined to produce these superb baking and roasting trays.

Happy cooking,

AGA STAINLESS STEEL

Swiss-made AGA Stainless Steel has not only been designed to create perfect dishes every time, but also to retain its stylish appearance for years to come. Offering superior 18/10 stainless steel, the AGA pans have a heavy Superthermic encapsulated base, which cleverly moves towards the heat source when cooking, to provide outstanding energy efficiency, as well as making perfect contact with the AGA hotplate. Plus the collection can be used on any heat source including induction.

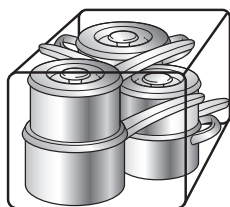

The large easy to grab handles on the casseroles feature the exclusive AGA brand. The unique lid design cleverly allows you to stack your pans inside the simmering oven, maximising the use of oven space. All of these essential features are now wrapped up in a chic and contemporary brushed finish with polished furniture: functional items that no AGA owner can live without.

STACKING UP NICELY...

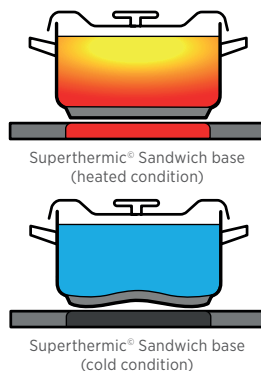

Cleverly designed in a variety of sizes, plus the unique flat lids allows you to easily stack pans to maximise oven space.

6 litre casserole, sauté casserole on top, 3 litre and 2 litre casserole stacked in front.

3 Litre Sauté Pan

If you are choosing your first AGA pan, this is a very strong contender. Its broad footprint on the hotplates means extremely rapid boiling and the shallow profile makes excellent use of space in the Simmering Oven.

Richard Maggs - AGA Cookery Doctor

Designed exclusively for AGA Cookshop, the extremely versatile paella pan, frypan, sauce pot and buffet pans feature an impact bonded base with a high conductivity aluminium disc to allow the heat to extend the full radius of the pan. The sauce pots and buffet pans feature unique flat lids and an oval shaped lid knob to the sauce pot. They are perfectly designed for stacking in the oven and for easy storage.

AGA PHEASANT LINEN TEXTILE RANGE

Introducing our beautiful linen range of textiles for Autumn with a timeless classical pheasant design and featuring our new subtle grey dyed terry cloth. The pheasant has been hand drawn in water colour by Norfolk artist Pat Tinsley.

The feel and appearance of linen is noted for its enduring appeal. It is a very robust fabric which is stronger when wet than dry as the fibres do not stretch like cotton. The terry cloth has been dyed a lovely tone of grey to complement the range and is made to our usual high endurance specification, offering excellent insulation and comfort.

AGA ICONIC TEXTILES

With the instantly recognisable icon – The AGA Cooker – arranged in a retro, geometric pattern we have incorporated six of our beautiful shades of enamel amongst the eight striking colours. The collection is printed onto superior canvas cloth which has been selected for its robust quality and attractive weave, enhancing the lines of the design. Terry cotton features in the make-up of the gauntlets, double oven gloves, chefs' pad and pot grab giving flexibility, comfort and the best possible heat protection when coupled with the impermeable steam and grease barrier.

HELPING YOU GET THE MOST OUT OF YOUR AGA WITH AGA COOKWARE

COOKWARE MATERIAL

AGA Cookshop offers a range of cookware in a variety of different materials to suit all tastes and cooker types. All cookware has been rigorously tested to ensure it performs to the highest standard and gives perfect results every time. We have put together a guide to buying our most popular cookware ranges below. We hope you find this useful when deciding on your purchase.

AGA STAINLESS STEEL
Swiss made AGA Stainless Steel range is an essential in any busy kitchen. Stainless steel is a very durable metal due to its hardness.

Made from 18 parts chromium to 10 parts nickel, this quality offers the very best durability. Engineered with an encapsulated 6mm heavy thermal base for maximum efficiency, The unique flat lid design allows for easy stacking in the oven, maximising the use of oven space. Featuring internal capacity marks in pints and litres, this range is available in a variety of sizes to suit all uses.

Suitable for all heat sources including induction.

AGA LIGHTWEIGHT CAST ALUMINIUM
Lightweight AGA Cast Aluminium cookware offers the ultimate in non-stick technology and is perfect for healthier cooking.

The Teflon® Platinum Plus non-stick coating inside and out makes cooking with less fat simple and very easy to clean.

The heavy gauge 5mm flat base ensures constant, uniform heat distribution and delivers outstanding energy efficiency.

The products include a range of versatile products for multiple use and the sturdy removable handles on the fry pans, saucepans, sauté pans and grill pan allow for easy transfer from hotplate to oven.

AGA CERAMIC COATED CAST ALUMINIUM
Featuring many of the benefits of AGA Cast Aluminium, this range features a high quality ceramic coating on the interior and exterior of the cookware.

This range is suitable for all heat sources including induction. Lightweight and featuring a 6mm base, providing optimum heat absorption and distribution. The tapered side walls merge into a precision pouring rim. Featuring AGA phenolic removable handles providing easy transference from hob to oven.

CLEANING TIPS

CAST IRON OVENS

Food spills are automatically carbonised by the heat of the oven and quickly disappear. Ovens merely need to be brushed out occasionally with the wire brush.

ENAMEL SURFACES

Apply AGA Enamel Cleaner with a damp cloth and immediately wipe with a clean damp cloth.

LIDS

Apply Chrome and Steel Cleaner with a damp e-cloth and finish using the polishing cloth.

HOTPLATES

Keep hotplates clean by brushing with the wire brush. Clean hotplates are essential to ensure efficient heat transfer to saucepans and kettles.

For more tips on how to take care of your AGA cooker, visit agacookshop.co.uk.
